# landscape

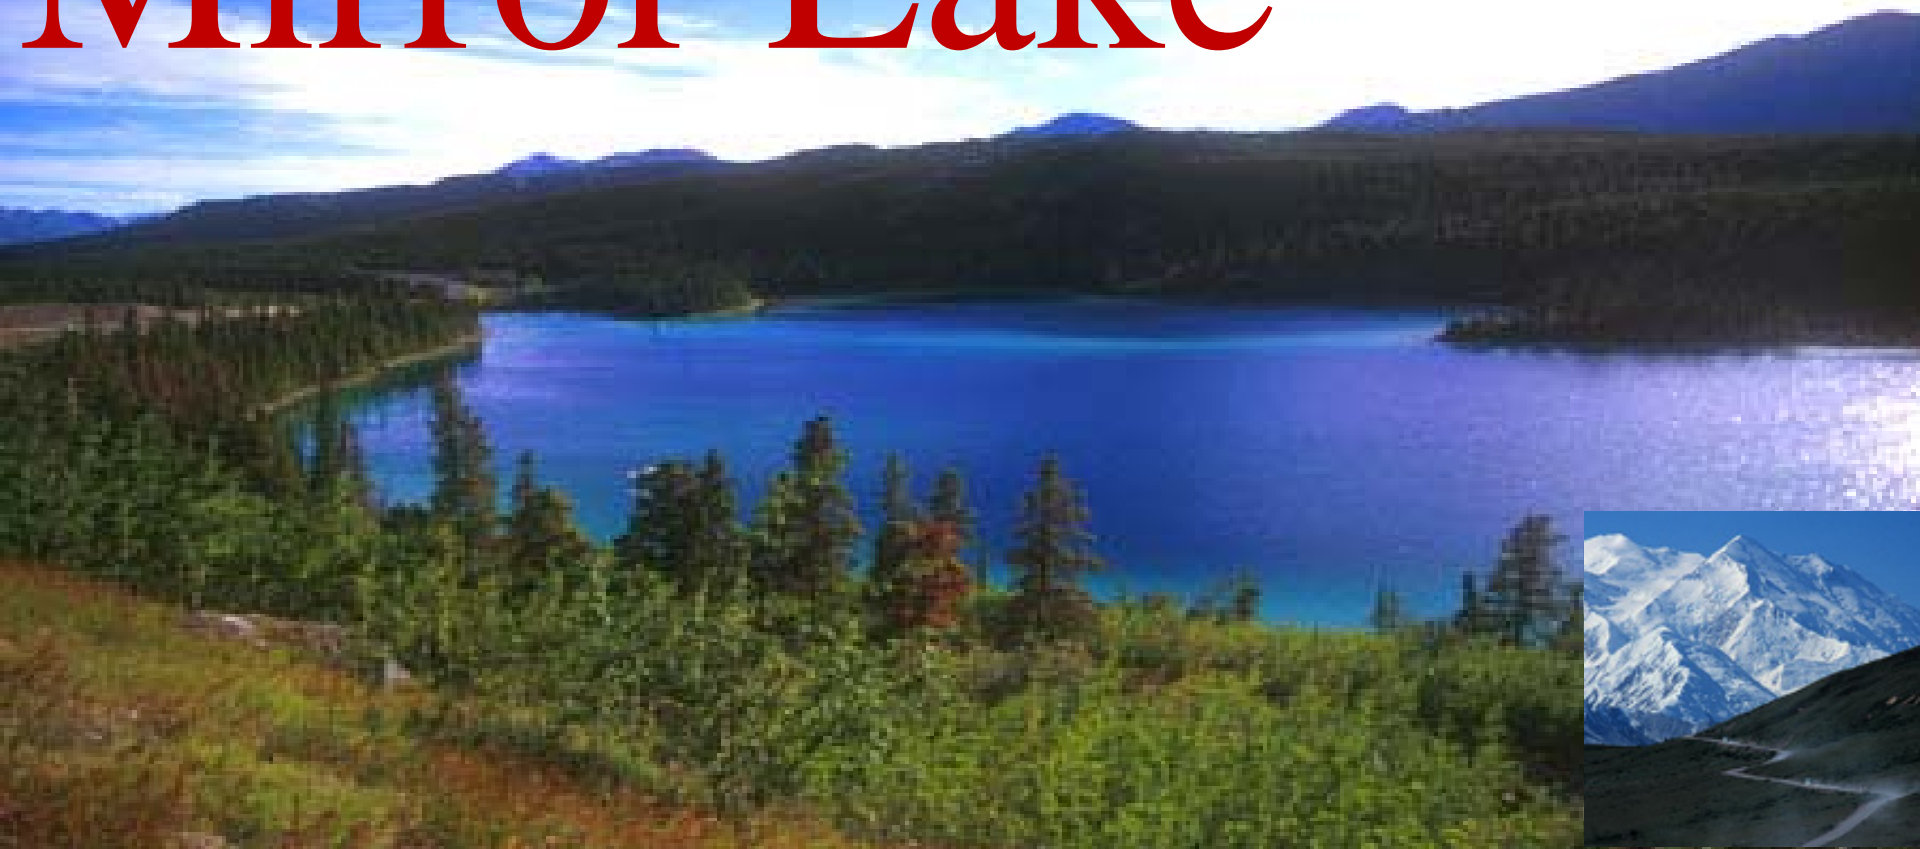

Mt. McKinley

20,203 feet high

# Mirror Lake

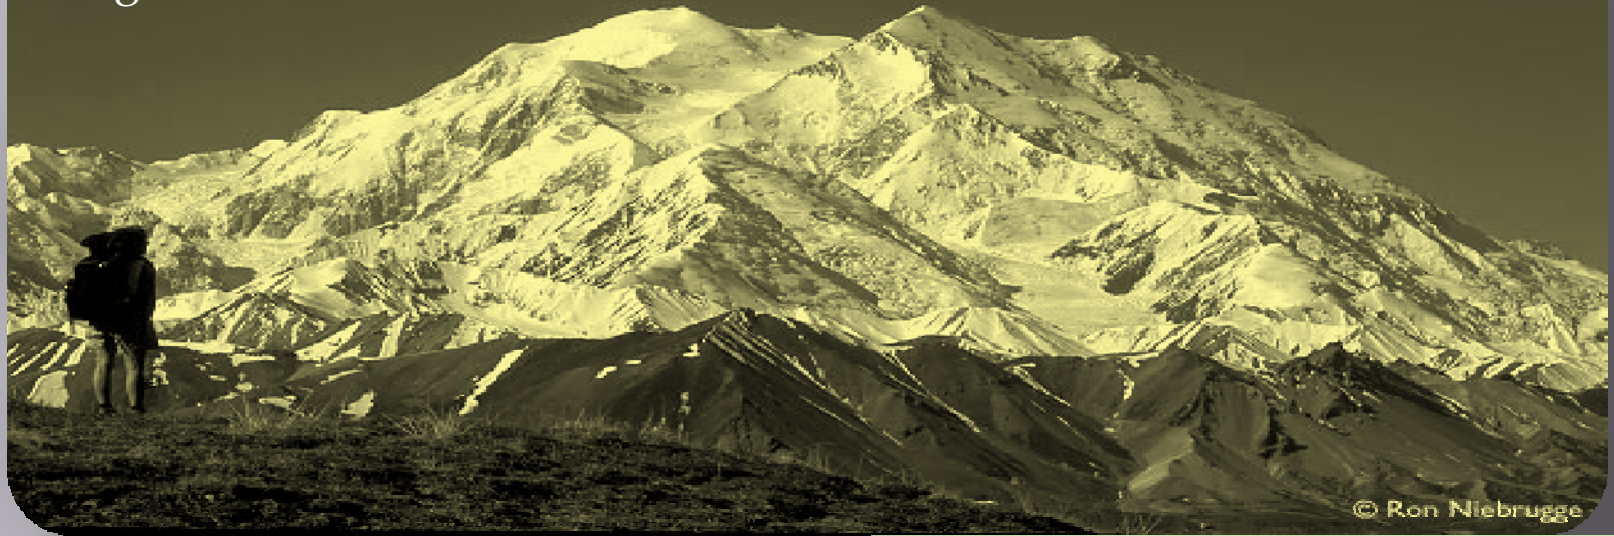

Mirror Lake got its name from the reflection of Mt McKinley always on it. It is also one of the best places to see wildlife.

# HISTORY

Denali has a long history of people trying to conquer its harsh landscape. They have tried to get there many ways from planes to sled dog teams.

# ACTIVITIES

# SUMMER ACTIVITIES

- Hiking
- Backpacking
- Cycling,
- Camping
- Photography

A photograph of two people skiing on a snowy slope. The person on the left is wearing dark clothing and the person on the right is wearing a red jacket and red pants. Both are using ski poles. The background is a bright, snowy landscape with some snowflakes visible in the air.
